Competition University's Ordering & Enrolling

Ordering Instructions

- 1) A teacher or coordinator of CU's implementation must be identified on the order form or purchase order as a point of contact.
- 2) Order confirmation will be sent to the identified teacher/coordinator via email from cu@customresources.com. (please have this email address white-listed for important details)
- 3) Enrollments are per school year. No pro-rating is available.
- 4) Enrollment orders are per school. Separate schools may not combine numbers and order together. This is a matter of privacy, etc.
- 5) What is CU-SE? This item is a convenience item for a large school with multiple teachers planning to implement CU. It allows for separate enrollments for each advisor/teacher, giving each one the opportunity to enroll his/her students separately and then see only his/her students in the CU gradebook as opposed to seeing all the students enrolled from his/her school. Site license for WORK Track includes this convenient feature.

DECA & FBLA Savings on PREP Track plus Individual Option

- 1) DECA and FBLA Chapters at the same school may combine numbers of students who will use CU for the best value when ordering. For example, if 25 DECA competitors and 25 FBLA competitors will use CU's Prep Track Courses, PT-50 may be ordered. If combining DECA and FBLA, the number of students who will use each Prep Track must be noted on the order form in the far left column or noted on the purchase order. ie: 25 DECA / 25 FBLA.
- 2) *CU is able to accommodate individually enrolling students if a school is unable to purchase chapter enrollment. Individuals set up an account, then pay for enrollment directly online at CU for \$25 / course.*

Enrollment Details

- 1) CU's enrollment process involves the teacher completing the CU Enrollment Spreadsheet which must be completed using MS Excel. (*Office.com offers free basic use of Excel.*)
- 2) CU's summer enhancements determine the exact dates. Those provided here are estimates:
 - Teachers who purchase early will be given access to CU in mid-July or August
 - When CU is ordered during the school year, teacher/coordinators are immediately sent CU's enrollment and may enroll at their convenience.
 - Student enrollments begin in mid to late August.
